

Final Supervisor's Evaluation

Name of Student Intern: Hannah Rotter

Student's Major: Strategic Communication: Social Media

Name of Organization: LU Send Now

Name of Site Supervisor: Holly Griswold

1. Please give a short description of the student's accomplishments and whether they achieved their learning objectives.

Hannah has written several scripts for our webpage regarding upcoming trips deploying to recent disasters. We had the opportunity to send her on one of our deployments where she not only experienced the work first hand, but she took quality photos and videos for our program that we will be able to use for major projects and marketing. Hannah has created in-house forms for our department which include but are not limited to: office proposals, work flow charts, and processes for participants. She has achieved every one of these objectives while being prompt, flexible, professional, and friendly.

2. The student's strength(s) are:

Hannah is very articulate. Not only can I trust her writings, but they're often better than what I would have written myself as head of the program.

Hannah is prompt and self-motivated. Not only is she always on time, but she seeks to stay ahead of our timeline by steadily keeping us abreast of what she is working on, when she's done, and requesting new projects.

Hannah is thorough. Not only does she complete her objectives, but she exceeds our expectations.

3. This student needs improvement in the area(s) of:

Hannah hasn't shown any obvious need to improve at her level of internship. The only area of improvement I would say is every person's never ending room to improve, her work can always mature as it's refined and experienced through time.

4. Were you satisfied with the student's overall performance? Yes X No _____

Please explain.

Yes, I am satisfied with Hannah's overall performance. Her work, professionalism, timeliness, and flexibility are beyond satisfactory.

5. Was this student a valuable asset to your organization? Yes X No _____

Please explain.

Yes, Hannah was a valuable asset to LU Send Now. She sincerely cares about the heart of the program which is key. Many can produce quality work, but the qualified in work and heart is of the most value.

6. In your opinion, what is the likelihood of this student succeeding in this field?

I believe Hannah will succeed in this field 100%. The only concern I would have is that she is so kind that the competition in the world of this field would discourage or limit her. However, to be fair, I haven't seen her in that context so that may not be an issue at all. Hannah is strong and intelligent, I see her succeeding and being an excellent asset to any company.
